

A55(T) Junction Numbering

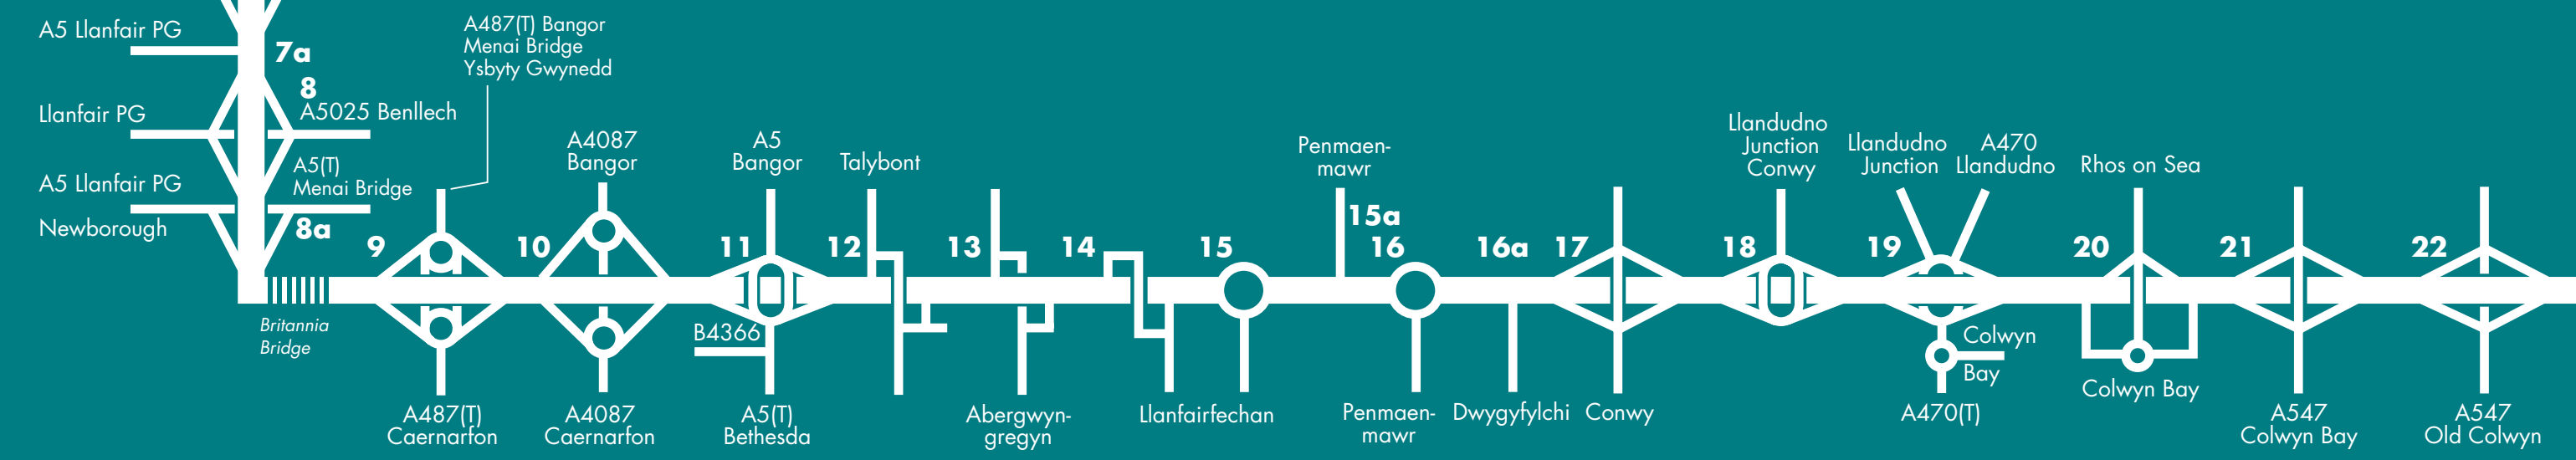

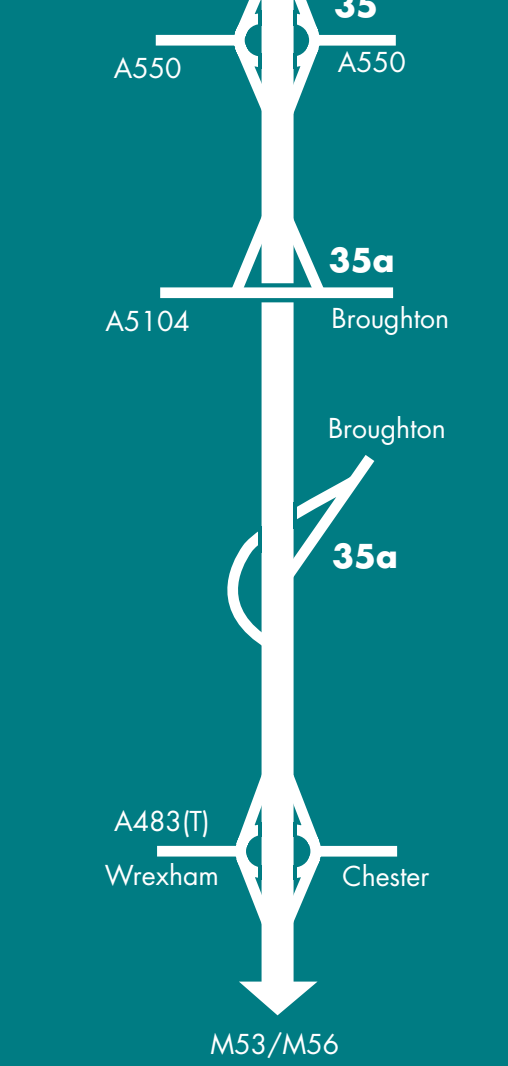

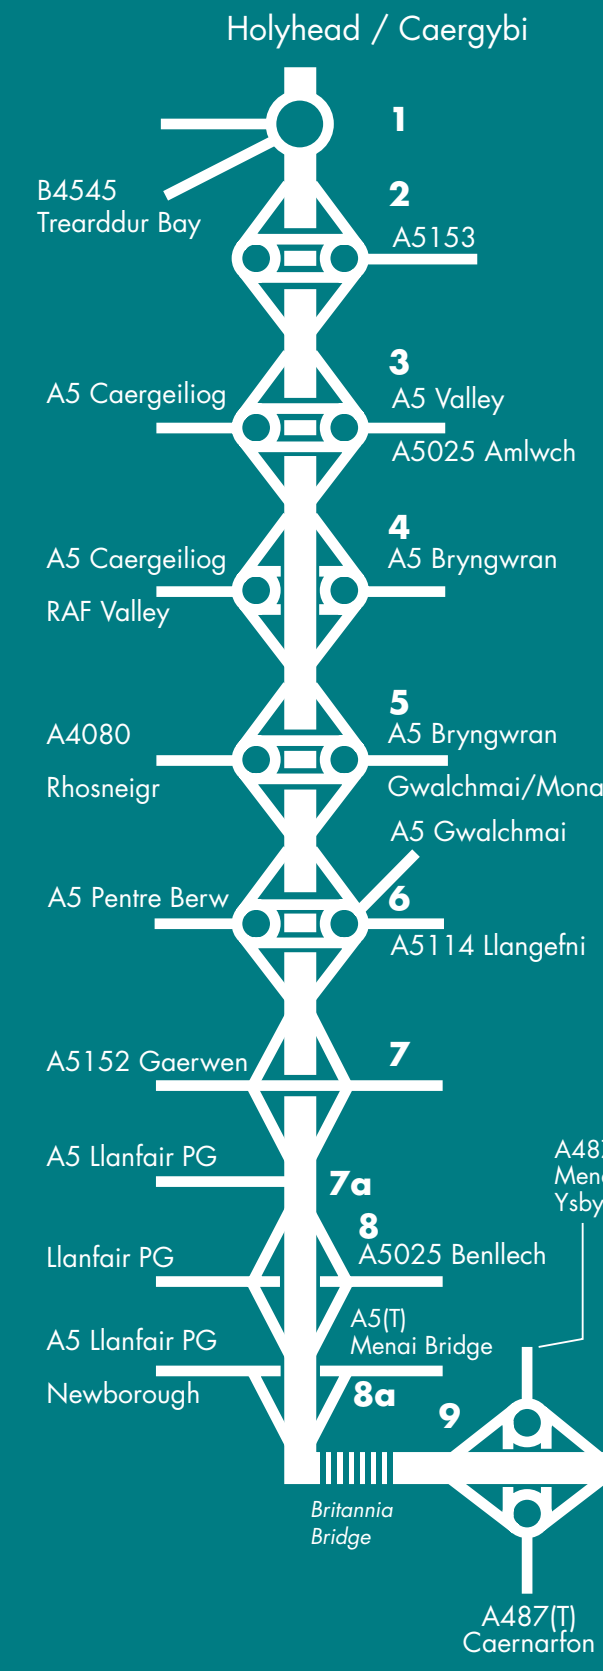

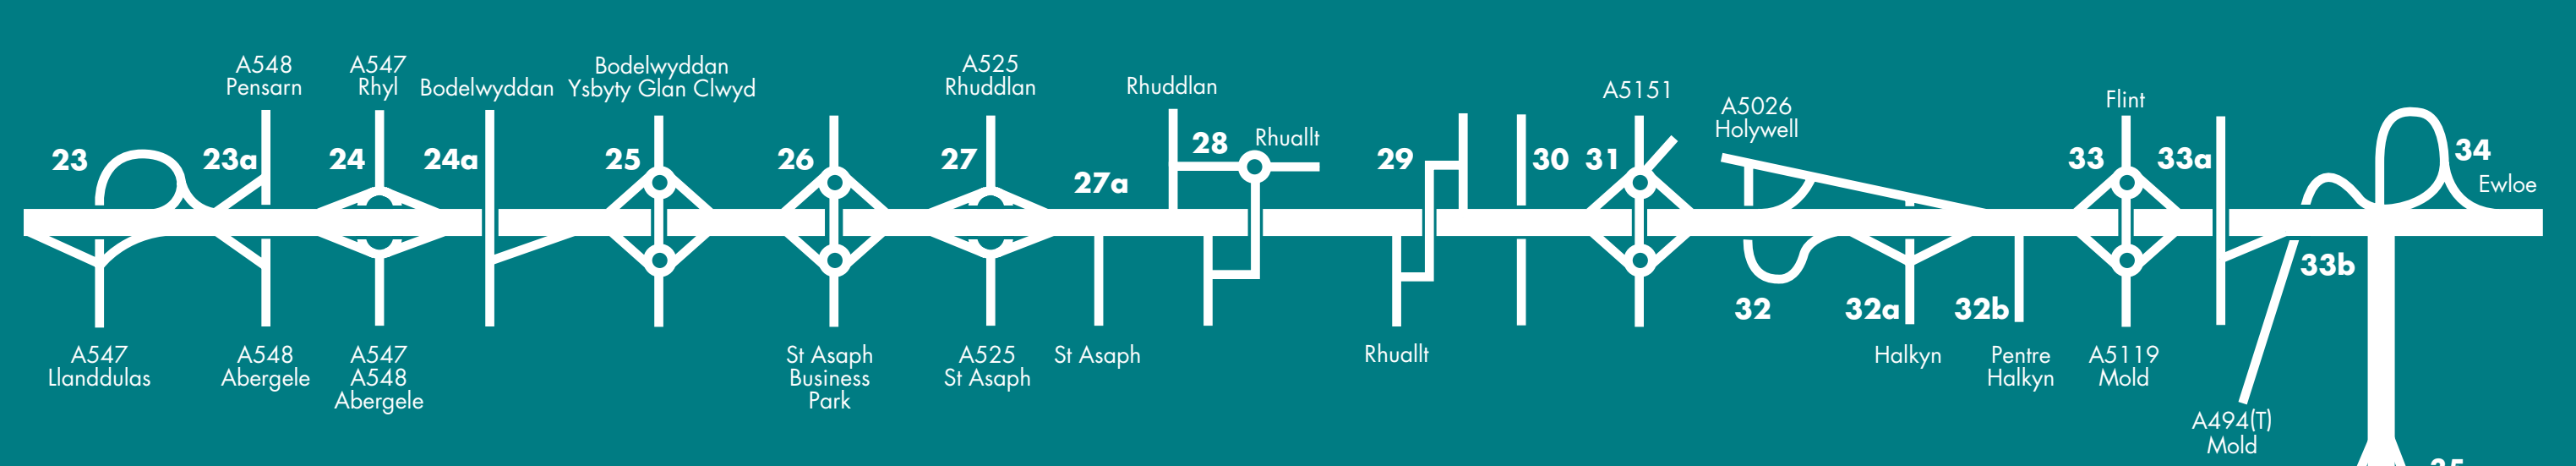

A55(T) Rhifo Cyffyrdd

The National Assembly for Wales as Highway Authority for the Trunk Road Network in Wales has implemented a system of Junction Numbering to identify all the major intersections along the A55 Chester to Holyhead Trunk Road. This system has been developed in conjunction with the North West and North East Trunk Road Agencies. These Agencies represent the Local Authorities and are responsible for the maintenance and gritting of the A55(T). UK Highways manage the A55(T) across Anglesey.

Junction Numbers are designed to aid the travelling public enabling directions, driver information and traffic bulletins to be easily and accurately conveyed. The system will also help the Emergency Services to identify incidents along the route.

This leaflet is designed to aid you in the interpretation of the road junctions and gives a diagrammatic representation of the A55(T).

Further information on the A55(T) can be obtained on the website of the North Wales Traffic Control Centre, www.nwales-traffic.co.uk Up to date travel information is available on 0845 602 6020

Mae Cynulliad Cenedlaethol Cymru, fel yr Awdurdod Prifffyrdd sy'n gyfrifol am y Rhwydwaith Cefnffyrdd yng Nghymru, wedi gweithredu system o Rifau Cyffyrdd er mwyn enwi pob un o'r prif gyfnewidfeidd ar hyd Cefnffordd yr A55 o Gaer i Gaergybi.

Datblygwyd y system hon ar y cyd ag Asiantaethau Prifffyrdd y Gogledd-ddwyrain a'r Gogledd-orllewin. Mae'r Asiantaethau hyn yn cynrychioli'r Awdurdodau Lleol, ac maent yn gyfrifol am gynnal yr A55(T). UK Highways sy'n cynnal yr A55(T) ar draws Ynys Môn.

Y gobaith yw y bydd Rhifau Cyffyrdd o gymorth i bobl sy'n teithio, gan sicrhau y gellir cyfleu cyfarwyddiadau teithio, gwybodaeth i yrwyrr a bwletinâu traffig yn hawdd ac yn gywir. Bydd y system hefyd yn helpu'r Gwasanaethau Brys i ddod o hyd i unrhyw ddamweiniau ar yr A55(T).

Lluniwyd y daflen hon i'ch cynorthwyo i ddod o hyd i gyffyrdd yr A55(T) yn gyflym, ac ynddi ceir diagram o lwybr yr A55(T).
